

Home Learning

Week 1—Week beginning 14th April

(Group 4)

Literacy

Reading

Attached to this email will be a **reading comprehension activity** set at the level for your child. Read through the text giving support where needed. There are comprehension questions to answer, which your child can do in a jotter or verbally with an adult.

The answers are also provided so you can support your child in real time.

Writing

Attached to this email will be your child's weekly **spelling list in a handwriting** format. We currently use these sheets at school to aid both the practice of the spelling but also the cursive handwriting style we model in school.

You can print this off for your child to complete or they can copy the words into a jotter to practice.

SPAG (Spelling punctuation and grammar)

Attached is a **SPAG** activity mat. There are three levels (indicated by the stars) which you can choose to share with your child. The answers are also provided so you can support in real time when needed.

Numeracy

Follow this link to **White Rose Maths** where there are a series of **five maths lessons** for your child. Every lesson comes with a **short video** showing you clearly and simply how to help your child to complete the activity successfully.

Open Week 1— Lesson 1 begins 'using ratio language'

Science

To further engage and inspire your child in the world of science each week they will have a science experiment they can try out at home with suggestions for further research.

Dissolving—which materials dissolve in water?

Foundation

<https://www.integra.co.uk/home-learning/be-creative/>

Children love being creative so check out this website for;

- 100+ things to do with kids indoors
- Daily drama games to play at home
- Make your own miniature book

Physical Activities

To encourage your child to still go outdoors safely and experience sports **Primary Sports and Education** have put together a pack of activities.

Inside includes some Multi-Sports activities as well as some sport specific games also. All these games are cross curricular and will need to use their English, Maths, Science, Art skills as well as many more!

	Activities	Resources Required	Potential Risks	Impact
1	<p>Mutli-Skills - Picture Game</p> <p>The aim is to mix up all the coloured clothes, Balls, towels, flannels or pillows on the floor and then they put the colours in their piles as fast as possible. The more objects, the longer the game!</p> <p>If we mix blue and red - What colour would we make?</p> <p>Can you make a sports picture out of the items you use after? Use the different colours to make a realistic</p>	<p>Pillows, Clothes, Towels, Flannels, Balls</p>	<p>Could potentially trip over one of the objects, the more space they have the better.</p> <p>No hard objects to be used.</p>	<p>It is making them think. A problem-solving game.</p> <p>Burning energy.</p> <p>Cross curricular with Art</p> <p>Being in contact with different object - The feel and sensations.</p>
