## Expressive arts and design

- How many different kinds of leaves can you find around where you live? Only pick leaves with your parents permission. Can you make a leaf print picture, by painting the leaves and printing – use newspaper or recycled boxes if you don't have any paper.

- Draw or paint a really careful picture of a plant, either one that is in your house or one from outside. Can you really look at the shape of its leaves and flowers? Does it have any patterns on it? Remember to look, look, look – then draw what you see.
